

KAMALESH G

Software Development Engineer

python developer with a proven track record of delivering high-quality software solutions, I bring a blend of technical expertise and creative problem-solving to every project. With my recent certification from HackerRank,

PROJECTS

DRUG RESISTANCE

Jun 2024 - Ongoing

- Project Title: Predicting Disease Drug Resistance Using Machine Learning Description: In this project, we developed a machine learning-based model to predict drug resistance in diseases, a critical challenge in modern healthcare. The rise of drug-resistant pathogens threatens to undermine decades of progress in treating infectious disease
